SUBJECT INDEX TO VOLUME 53

A

Acarbose, attenuation of hypoglycemia from dumping syndrome and, 358(letter)
Acculturation, structural assimiliation and MMSE in assessing cognitive impairment in older Mexican Americans, 1234
Acetaminophen
  effect on behavior, well-being and psychotropic medication use in nursing home residents with dementia, 1921
  with tramadol, for osteoarthritis pain, 165(letter)
Acetylcholinesterase inhibitors
  for dementias, 163, 1640(letter)
Activities of daily living (ADLs)
  age-related decline in maximal oxygen capacity and, 546(letter)
  Chinese herbal medicine-related improvements in dementia patients, 2238(letter)
  comparison of provision methods for wheelchairs, 1712
  in diagnosis and estimation of 10-year trajectories of mild cognitive impairment, 1966
  emergence and consequences of frailty in women, 1321
  glycated hemoglobin and intellectual activity in elderly, 2128
  mild vascular cognitive impairment in older stroke survivors without dementia, 103
  mortality risks in nursing home residents, comorbidity and, 660
  obesity in hospitalized elderly and, 1270(letter)
  relationship of regular eye examinations with visual and functional status, 1867
  self-reports *vs.* observed community mobility for disability assessment, 700
  in setting eligibility criteria for Medicare care-coordination benefit, 2051
  underutilization of bathing adaptations in community-dwelling elderly, 1497
  unmet care needs and key outcomes in dementia, 2098
Acupuncture
  for dysphagia in poststroke patients, 1083(letter)
  for geriatric patients with ischemic stroke, 549(letter)
Acute confusional state, chart-based identification method for delirium and, 312
Acute coronary syndrome
  age-dependent differences in presentation, risk factor profile and outcome, 1961
  in very old patients, safety of tiroban for, 172(letter)
Acute mountain sickness, age and, 735(letter)
Adequacy of care, for depressed elderly with comorbid chronic conditions, 2178
Adherence
  to care, physicians response to written feedback on medication discrepancy in elderly patients, 2173
  patient satisfaction with postoperative pain management, 274
  vision impairment, ability to take medications and, 1179
ADLs. *See* Activities of daily living
Advance care directives
  documentation, in nursing home, social work intervention for, 290
  for euthanasia in Netherlands, 1138
Advanced care directives
  hospitalization decision-making for advanced dementia, 1396
Advanced practice nurses, strategies for strengthening use in nursing homes, 1790
Adverse events
  to influenzae and pneumococcal vaccines in older persons, 910(letter)
  in newly admitted nursing home residents with and without dementia, 1858
  paranoid delusions after galantamine use, 2036(letter)
African Americans
  depressed informal caregivers, racial differences in psychotropic drug use of, 397
  with diabetes mellitus, perceived societal racism in, 2202
  impediments to timely diagnosis of Alzheimer's disease, 2012
  influence of spirituality on treatment preferences, 711
  late-life depression diagnosis and treatment, 777
  magnesium intake association with bone mineral density, 1875
  medical care of dying patients, 1145
  middle-aged, cognitive ability and physical performance in, 997
  women
    community-dwelling, differences in falling and, 1774
    hip bone mineral density *vs.* Caucasian women, 183
Age of patient, relationship to duration of physician visit in ambulatory care setting, 1162
Age-related effects
  intensity of diabetes mellitus therapy and, 1214
  mind-body and cardiovascular exercise association with memory, 1754
  pharmacological class effect of medications and, 1430
  vs. comorbidity in predicting impaired immunity, 1565
Aging population trends, workforce gap and, 343
Albumin, serum
  muscle strength in community-dwelling adults and, 1331
  significance of hypoalbuminemia after hospital discharge, 1222
Alcohol consumption
  dementia risk and, 175(letter)
  interactions with prescription drugs in elderly, 1930
Alcohol education intervention, for elderly patients in primary care setting, evaluation of, 1937
Alcohol screening intervention, for elderly patients in primary care setting, evaluation of, 1937
Alendronate, cost-effectiveness for osteoporosis in elderly women, 1697
Alzheimer's disease
  acetylcholinesterase inhibitors for, 1640(letter)
  altered progression, cholinesterase inhibition and, 83
  antiaging medication effects on mild cognitive impairment and, 1417
  apolipoprotein E genotype and mortality in, 935
  bathing of patients with, 1075(letter)
  breast cancer treatment in, 1897
  Chlamydia pneumoniae antibodies and high-sensitive CRP in, 583
  cholinesterase inhibitor effects on caregiver burden, 983
  clinical assessment of driving competence, 829
  comorbidity and, 1257
  depressive symptoms related to function and cognitive status, 2083
  donepezil for, 1831(letter), 1832(letter)
  driving performance prediction in, 94
  impediments to timely diagnosis in African Americans, 2012
  insulin-like growth factor-1 levels as risk factor for, 1748
  interrater reliability and accuracy in identifying ischemic strokes using CT scans in, 1743
  and medical disease conditions, prospective cohort study of, 2235(letter)
  MoCA as brief screening tool for mild cognitive impairment, 695
  parental, daughter's personal experience with, 2032
  predicting onset, relationship to cardiovascular disease, 1101
  prevalence and severity of gait disorders in, 1681
  QT dispersion and heart rate variability abnormalities in, 2135
  symptom persistency with rivastigmine and donepezil, 1269(letter)
  white matter lesions, low vitamin B_6 and, 1073(letter)
Ambulatory care
  24-hr BP monitoring, midodrine for vasodepressor carotid sinus syndrome, 114

influenzae vaccine standing orders effect on elderly usage, 1008
physicians response to written feedback on medication discrepancy in elderly patients, 2173
relationship of patient age to duration of physician visit, 1162
Amebic liver abscess, in elderly man, 1082(letter)
American Geriatrics Society
minutes from annual members meeting, 720
position statement on assisted living facilities, 536
Analgesics, for nursing home residents, 909(letter)
Anemia
with cardiac dysfunction in aging woman, 361(letter)
late-life, increased risk of recurrent falls and, 2106
no positive correlations with disability in older Japanese, 733 (letter)
serum erythropoietin, aging and, 1360
Angiotensin A-20C genotype, blood pressure response to strength training and, 204
Angiotensin-converting enzyme inhibitors
weight and muscle strength loss in older adults with congestive heart failure or hypertension and, 1996
weight loss-preventing effects of, 2030
Angiotensin II type 1 receptor A1166C genotype, blood pressure response to strength training and, 204
Anorexia, as independent predictor of mortality, 354(letter)
Antiaging medicine, biogerontology and, 1434
Antianxiety agents, racial differences in usage by informal caregivers of dementia patients, 397
Antibiotics, use and cost indicators for nursing homes, 1117
Anticholinergic ophthalmic drugs, delirium caused by, 545(letter)
Anticoagulation
for atrial fibrillation in elderly, 547(letter), 1843(letter)
bleeding risk profile for elderly on low-molecular weight heparin, 1834(letter), 1835(letter)
incidence of hemorrhage and stroke in elderly atrial fibrillation patients, 635
optimizing use of antithrombotics for atrial fibrillation in elderly, 1912
spontaneous retroperitoneal hematomas from LMWHs, 548 (letter)
Anticonvulsants, prevalence of single drug and poly- drug therapy in elderly, 1023
Antidepressants
for poststroke depression treatment and prevention, 1051
racial differences in usage by informal caregivers of dementia patients, 397
usage disparities in Medicaid elderly, 456
Antilibidinal treatment, with medroxyprogesterone acetate, 359 (letter)
Antimuscarinic drugs, for overactive bladder, effects on cognitive function, 2195
Antipsychotics
atypical, falling risk and, 1290
drug-induced movement disorders in dementia and, 1374
Antiresorptive pharmacotherapy
in older women, 1425
usage patterns in nursing homes and community-dwelling adults, 1275
Antithrombotics, optimizing use for atrial fibrillation in elderly, 1912
Anxiety, influence on disability progression, 34
Aphasia, conservative poststroke rehabilitation for, 1639(letter)
Apolipoprotein E genotype, mortality and, 935
Appetite stimulation, efficacy of megestrol acetate suspension for, 970
Arab-Israeli society, nursing homes in, 152
Aromatase inhibitors, mental function and, 166(letter)
Arthritis
influence on adequacy of depression care in elderly, 2178
septic, age-related comparison of, 1210
Artificial nutrition, for dementia, Jewish medical ethics and, 881
Ascending aorta atherosclerosis, in predicting delirium after CABG, 462
Aspiration pneumonitis, *vs.* pneumonia in nursing home residents, 755
Aspiration risk, capsaicin troche for swallowing dysfunction and, 824
Aspirin, optimizing use for atrial fibrillation in elderly, 1912
Assessment
of driving performance in early Alzheimer's disease, 94
of erectile dysfunction in aging men, 119
framework for evaluating financial abuse of elderly, 1123
functional, infectious diseases and, 1080(letter)
home-based geriatric, of elder abuse, 1538
Assisted living facilities
AGS position statement on, 536
optimizing outcomes in, 538
underrecognition of cognitive impairment, 295
Assistive devices
for bathing, underutilization in community-dwelling elderly, 1497
wheelchair provision methods, comparison of, 1712
Atherosclerosis
Chlamydia pneumoniae antibodies and high-sensitive CRP in vascular dementia, 583
coronary artery calcium association with subclinical brain MRI abnormalities and cognitive status, 609
delirium after coronary artery bypass graft surgery and, 462
Atrial fibrillation
in elderly, anticoagulation for, 547(letter), 1843(letter)
incidence of hemorrhage and stroke in warfarin treated elderly, 635
pharmacist-led multidisciplinary intervention to optimize use of antithrombotics for, 1912
Attitudes
of Asian-Indian Hindu on end-of-life care, 131
of chronically ill about discussing death and postmortem medical procedures, 895
of medical students and geriatric fellows toward elderly patients, 489
of patient, influence on end-of-the-life care decision-making, 1046
Autonomy
diversifying decision-making approaches for end-of-the-life care, 1046
emotional issues in end-of-life decision-making process and, 2231(letter)

community-based exercise program for poststroke patients, 1667
disability assessment, self-reports *vs.* community observations, 700
effects of rehabilitative intervention on, 1091
exercise-related improvement, fall reductions in stroke patients and, 416
impairments, subclinical brain MRI abnormalities in prediction of, 649
limitations in Medicare population, 1217
walking effects on lower extremity function over time, 198
Montreal Cognitive Assessment (MoCA), as brief screening tool for mild cognitive impairment, 695
Mood, effects of *snoezelen* care on dementia, 24
Morality, masticatory disability in community-residing elderly and, 54
Morbidity, noncardiac surgery outcomes in older patients, 424
Mortality
all-cause
depression and, 1128
plasma lipids in nondemented elderly and, 219
postprandial hypotension and, 1313
anorexia as independent predictor of, 354(letter)
apolipoprotein E genotype and, 935
body mass index after adjusting for waist circumference and, 2112
cardiac, LDL cholesterol in older persons and, 2159
cardiovascular risk factors in middle age in predicting survival, 1944
community-acquired pneumonia in home care patients, 834
efficacy of comprehensive intervention for hospitalized elderly hip fracture patients, 1476
of elderly admitted to skilled nursing facilities with delirium, 963
hospitalization for pneumonia and, 1108

hypoalbuminemia after hospital discharge, 1222
multifactorial intervention program effect on delirium and, 622
in newly admitted nursing home residents with and without dementia, 1858
noncardiac surgery outcomes in older patients, 424
nursing home residents, comorbidity and, 660
obesity in hospitalized elderly and, 1270(letter)
in older functionally impaired patients, B-type natriuretic peptide and, 1991
procalcitonin in detection infection in elderly, 1392
prospective Medicare expenditures for dementia and, 2001
relative fitness and frailty of elderly in developing countries and, 2184
sex differences in, 40
vitamin B_{12} as predictor in elderly patients, 2035(letter)
Multidisciplinary intervention
delirium duration, length of hospitalization and mortality, 622
efficacy for hospitalized elderly hip fracture patients, 1476
to optimize use of antithrombotics for atrial fibrillation, 1912
for preventing delirium, long-term nursing home costs and, 405
Multiple sclerosis, impact of pain on outcomes of long-term care residents, 1490
Multisensory stimulation, behavioral and mood effects on dementia, 24
Muscle mass, effects of ultra-low-dose estrogen therapy on older women, 1973
Muscle strength
cognition and subsequent disability in older Mexican Americans, 1462
effects of rehabilitative intervention on, 1091
increased risk of recurrent falls with late-life anemia and, 2106
individual fall prevention programs and, 1296
lower body disability, weight change in older Mexican Americans and, 1730
in older adults with congestive heart failure or hypertension on ACE inhibitors, 1996
physical activity and risk of mobility loss in elderly, 762
and serum albumin in community-dwelling adults and, 1331
Musculoskeletal disorders, of feet, association with pain and foot-related functional limitations, 1029

N

Napping, effects on nighttime sleep and waking function, 48
Nocturia
behavior and drug therapy for elderly women, 846
evaluating potentially modifiable risk factors for, 1011
Nocturnal disturbances, treatment in Alzheimer's disease patients, 793
Nonagenarians, interleukin-6 modulation of cholesterol and CRP in, 1552
Non-Q-wave myocardial infarction, in very old patients, safety of tiroban for, 172(letter)
Norovirus outbreaks, in nursing homes, 1839(letter)
Nurse case management interventions, association with elder health, 597
Nurse practitioners, intensive service days for pneumonia care of nursing home residents, 472
Nursing home practitioner survey, on urinary tract infection diagnostic criteria, 1986
Nursing homes
abnormal sleep/wake patterns of residents, nonpharmacological interventions for, 803
advanced practice nurses, increasing use of, 1790
analgesics for residents in, 909(letter)
antibiotic use and cost indicators for, 1117
antiresorptive pharmacotherapy patterns in, 1275
in Arab-Israeli society, 152
clinician-patient vidoconferencing in decision-making, 1380
computerized physician order entry for, 1780
cost analysis of registered nursing staff times, 840
cost-benefit analysis of hip protectors, 190
cost-efficiency of increased use of hip protectors in, 2153
costs, prevention of delirium in hospitalized older adults and, 405
depression in older patients admitted for postacute rehabilitation, 1017
DNR and DNH directives for admission under Medicare benefit, 2060
documentation of falls in, 268
effects of rehabilitative intervention for continence, mobility, endurance and strength, 1091
elderly requirements after coronary artery bypass grafting, 1133
experiences of medical students in geriatric clerkship, 2242(letter)
facility and resident characteristics associated with pneumonoccal vaccination, 1543
family perspectives on physician and staffing problems, 1651
healthcare utilization of residents, comparison of decedents and survivors, 2069
improving urinary incontinence in residents, 1254
infection outcome in residents with and without early hospital transfer, 590
Legionnaires' disease in, 875
liability for pressure ulcers, 1587
as location of death for older persons with dementia, 299
mortality and adverse health events in newly admitted residents, 1858
mortality risks in residents, comorbidity and, 660
national estimates of medication use in, 438
norovirus outbreaks in, 1839(letter)
obesity prevalence in, 1386
outcome of elderly admissions with delirium, 963
patient safety, role of drug use reviews in improving, 991
placement of dementia patients, unmet care needs and, 2098
pneumonia care in, 472
pneumonia *vs.* aspiration pneumonitis in, 755
prevalence of mono- and poly-antiepileptic drug therapy in, 1023
quality of care, family perceptions of, 1826
racial differences in prevalence of pressure ulcers, 1077(letter)
rating quality of life for residents of, 2076
rehospitalization and transfers after hip fracture, 1443(letter)
risk of acquiring influenza B risk from culture-positive roommate, 1437(letter)
social work intervention for advance care planning documentation, 290
treatment outcomes for pressure ulcers in, 1721
VA *vs.* community, quality of care in, 603
Nursing staff
adequacy, cost savings for nursing homes, 840
in nursing homes, family perspectives on, 1651
Nutrition
magnesium intake association with bone mineral density in healthy elders, 1875
significance of hypoalbuminemia after hospital discharge, 1222
treatment outcomes for pressure ulcers in long-term care, 1721

O

Obesity
frailty syndrome in older women and, 927
in hospitalized elderly, 1270(letter)
mortality risk and, 2112
in nursing home residents, 1386
prevalence in older U.S. adults from BRFSS survey, 737(letter)
Olanzapine, falling risk and, 1290
Oral diseases, cardiac arrhythmias in community-dwelling elderly and, 430
Oral health, association with general health in older male cancer patients, 1504

Organ procurement, of attitudes of chronically ill patients about discussing, 895
Oseltamivar, economic evaluation for postexposure influenzae prophylaxis, 444
Osteoarthritis
exercise resolves of ethnic differences in, 1469
pain, tramadol/acetaminophen for, 165(letter)
Osteoporosis
antiresorptive pharmacotherapy patterns, 1275
community-based fitness and mobility program for poststroke patients, 1667
falls in elderly men with Parkinson's disease and, 1559
improving management in at-risk fracture clinic patients, 727 (letter)
magnesium intake association with BMD in healthy elders, 1875
Outcome
age-dependent differences for acute coronary syndrome, 1961
assessment in VA *vs.* community nursing homes, quality of care in, 603
of elderly admitted to skilled nursing facilities with delirium, 963
fall injury prevention trials, development of common data set for, 1618
geriatricians and, 921(letter), 922(letter)
of infection in nursing home residents with and without early hospital transfer, 590
of lumbar spinal stenosis, effects of surgical and nonsurgical treatment, 785
of older adults with cognitive impairment in outpatient rehabilitation facility, 1532
treatment intensity in ICU for patients aged 80 and older, 88
unusual gait speed in well-functioning older adults, 1675
Overactive bladder, antimuscarinic drug effects on cognitive function, 2195
Overweight, prevalence in older U.S. adults from BRFSS survey, 737(letter)
Oximetry, ambulatory overnight, feasibility for dementia clinic, 545(letter)
Oxygen capacity, maximal, age-related decline in, 546(letter)

P

Pain
abdominal and flank, in pulmonary embolism, 1259(letter)
acetaminophen effect on behavior, well-being and psychotropic medication use in nursing home residents with dementia, 1921
analgesics for nursing home residents, 909(letter)
chronic
back, longevity and, 1636(letter)
barriers to self-management methods, 856
geriatric fellowship education for, 1798
foot musculoskeletal disorders and, 1029
identifying activities affecting chronic pain in older Veterans, 687
impact on outcomes of long-term care residents with and without multiple sclerosis, 1490
measurement, acetaminophen effect in nursing home residents with dementia, 1921
Pain assessment instruments, for older persons with cognitive impairment, 319
Palliative care
for dementia, Jewish medical ethics and, 881
intersection with geriatrics, 1532
status of geriatric medicine fellows' training in, 705
Pamidronate, for mild cognitive impairment from hypercalcemia, 1633(letter)
Paranoid delusions, after galantamine use, 2036(letter)
Parent's age at death, familial longevity and, 357(letter)
Parkinson's disease
low bone mineral density and falls in elderly men, 1559
prevalence and severity of gait disorders in, 1681
walking while talking, a dopamine-response task in, 735(letter)
Paroxetine, improvement of visual hallucinations in dementia with Lewy bodies, 732(letter)
Patient education, teaching older adults, 554(letter)
Patient information, priorities for hospice enrollment decision-making, 249
Patient-provider communication, treatment goals for older patients with diabetes mellitus type 2, 306
Patient satisfaction, with postoperative pain management, 274
Percutaneous caval filter placement, for deep venous thrombosis and pulmonary embolism, 913(letter)
Percutaneous endoscopic gastrostomy tube feeding, for dementia, racial differences and, 242
Periodontal disease
cardiac arrhythmias in community-dwelling elderly and, 430
systemic inflammatory markers and, 1532
Peripheral arterial disease, inflammatory markers as predictors of functional decline in, 1688
Pharmacists, optimizing use of antithrombotics for atrial fibrillation in elderly, 1912
Phosphodiesterase type 5 inhibitors, for erectile dysfunction in aging men, 119
Physical activity counseling program, effectiveness in increasing activity and quality of life for older community-dwelling adults, 1951
Physical therapy, provision of wheelchairs and, 1712
Physicians
adequacy of care in nursing homes, family perceptions of, 1826
assessments of adjuvant tamoxifen effectiveness in elder primary breast cancer patients, 1889
duration of visit in ambulatory care setting, patient age and, 1162
future of geriatrics medicine and, 6S:245
in nursing homes, family perspectives on, 1651
rating for nursing home residents quality of life, 2076
response to written feedback on medication discrepancy in elderly ambulatory patients, 2173
Physician's practice patterns, breast cancer treatment in Alzheimer's disease, 1897
Place of death, ethnic differences in, 1411, 2209
Pleural effusion, idiopathic exudative lymphocytic, long-term prognosis for, 1957
Pneumococcal vaccines, adverse reactions in older persons, 910(letter)
Pneumonia
community-acquired, in home care patients, 834
hospitalization, incidence, mortality and influences on longer-term survival, 1108
from Legionnaires' disease in long-term care facilities, 875
vs. aspiration pneumonitis in nursing home residents, 755
Pneumonoccal vaccination, nursing home facility and resident characteristics associated with, 1543
Polymyalgia rheumatica, colon carcinoma and, 355(letter)
Population-based study, of homocysteine and cognitive function, 381
Portosystemic venous shunt, secondary encephalopathy and, 1267(letter)
Postacute care, delirium management model for postacute care patients, 1817
Postexposure prophylaxis, for influenzae, economic evaluation of oseltamivar for, 444
Postoperative pain management, in elderly patients, 274
Postprandial hypotension
all-cause mortality and, 1313
delayed reflection pressure wave in, 1833(letter)
Postural reflexes, exercise-related improvement, fall reductions in stroke patients and, 416
Postural sway, individual fall prevention programs and, 1296
Presbycusis, race and sex differences in, 2119
Prescription drugs
affordable, information search on, 739(letter)
alcohol interactions with alcohol in elderly, 1930

cost effect of adopting new medications, 1366
drug-drug and drug-disease combinations in elderly outpatient setting, 262
label information, assessment of, 891
out-of-pocket expenses of homebound elderly, cost-reduction strategies for, 666
use without medical advice, 170(letter)
Presentation
age-dependent differences for acute coronary syndrome, 1961
enterococcal endocarditis presenting as arm weakness, 1437(letter)
retrosigmoid stricture from ischemia, 1634(letter)
unusual, abdominal and flank pain in pulmonary embolism, 1259(letter)
Pressure ulcers
energy metabolism of elderly patients with, 478
historical perspective on, 1248
impact of pain on outcomes of long-term care residents with and without multiple sclerosis, 1490
long-term care liability for, 1587
in newly admitted nursing home residents with and without dementia, 1858
prevention, improvement of, 1627
racial differences in nursing home prevalence, 1077(letter)
treatment outcomes in long-term care, 1721
Preventive health care
community educational intervention for older persons, 563
translation of geriatrics research into practice, 724
Primary care
alcohol screening and education intervention for elderly patients, evaluation of, 1937
demand for in independent-living elderly, self-management and, 918(letter)
effects of offering exercise advice for health promotion, 283
Probrain natriuretic peptide (proBNP), *vs.* BNP as diagnostic indicator for cardiogenic pulmonary edema, 643
Procalcitonin, in detection infection in elderly, 1392
Prognosis
B-type natriuretic peptide in older functionally impaired patients and, 1991
hypoalbuminemia after hospital discharge, 1222
long-term for idiopathic exudative lymphocytic pleural effusion, 1957
unusual gait speed in well-functioning older adults, 1675
Progression, of Alzheimer's disease, alteration by cholinesterase inhibition, 83
Prostate cancer, recurrent metastatic, acquired color blindness and, 1265(letter)
Pseudodiarrhea, caused by vaginal pessary, 1083(letter)
Psychological outcomes, of falls, measuring, 501
Psychomotor agitation, acetaminophen effect on well-being and psychotropic medication use in nursing home residents with dementia, 1921
Psychomotor performance, effects of napping on, 48
Psychosocial factors, masticatory disability, community-residing elderly mortality and, 54
Psychotropic medication, use in nursing home residents with dementia, acetaminophen effect on, 1921
Pulmonary embolism
diagnosing in elderly, 1039
percutaneous caval filter placement for, 913(letter)
unusual presentation of, 1259(letter)

Q

QT dispersion abnormalities, in Alzheimer's disease and MCI, 2135
Quality improvement, multifactorial intervention for managing and preventing delirium, 18
Quality of care
intensity of diabetes mellitus therapy, effects of age and comorbidity on, 1214
in nursing homes, family perceptions of, 1826
obesity prevalence in nursing homes, 1386
predictors in vulnerable elderly, 1705
in VA nursing homes *vs.* community nursing homes, 603
Quality of life. *See also* Health-related quality of life
oral health association with general health in older male cancer patients, 1504
rating for nursing home residents, 2076
